

**7.N.2.1.** Students are able to **conduct** scientific investigations using given procedures.

**Webb Level: 3**

**Bloom: Application**

**Verbs Defined:**

Conduct - perform

**Key Terms Defined:**

Scientific investigations – scientific experiments using equipment correctly, making a hypothesis, identifying a control, identifying a variable, making predictions, making observations and drawing conclusions

Procedures – directions

**Teacher Speak:**

Students will be able to conduct (perform) scientific investigations (scientific experiments using equipment correctly, making a hypothesis, identifying a control, identifying a variable, making predictions, making observations and drawing conclusions) using given procedures (directions).

**Student Speak:**

I can perform (conduct) scientific experiments (scientific investigations):

- using equipment correctly
- making a hypothesis
- identifying a control
- identifying a variable
- making predictions
- making observations
- drawing conclusions

using given directions (procedures).
