A. **PROGRAMS**

Check the program(s) and options the School Food Authority desires to operate. Check Food Distribution if you plan to order USDA Foods (commodities). The Fresh Fruit and Vegetable Program is now also listed on Part 2. Check it if you have FFVP at one or more sites.

B. **PRICING STRUCTURE**

Indicate whether the programs are pricing (charges money for meals or milk) or non-pricing (does not charge money for meals or milk). Check the option chosen for Pricing Special Milk Programs if applicable. Agencies that have both pricing and nonpricing sites should check both. You can write it comments or attach an additional sheet if necessary. Community Eligibility Provision is nonpricing because students in the CEP sites are not charged for their meals.

C. **SEVERE NEED BREAKFAST**

The Severe Need Breakfast electronic worksheet need to be completed as eligibility documentation for severe need breakfast sites. It is acceptable to operate some sites on regular reimbursement and others on severe need reimbursement option.

D. **FREE & REDUCED PRICE ELIGIBILITY**

1. Frequency and method of obtaining applications: Indicate how frequently applications will be obtained. If you need more information on Provision 1, 2, or 3 or the Community Eligibility Provision (CEP), contact Child and Adult Nutrition Services or check the CANS website.

SFAs participating in Provisions 2 and 3 are allowed to request extensions to the initial cycle if it can be determined that available socioeconomic data indicates that the income level of the school population has remained stable since free and reduced price applications were taken. Schools are not required to take new applications if approved socioeconomic data indicate that the economic status has remained stable or has decreased. Schools that plan to request the extension should contact CANS for additional guidance.

Residential Child Care Institutions (RCCI) may obtain information through one of two means for residential students. Staff may use the roster provided (Attachment D) or develop a different roster containing the same information. An approved application must be on file if meals for day students attending education programs are claimed for reimbursement at free or reduced price rates.

E. **MEAL/MILK BILLING AND PAYMENT COLLECTION**

Describe, on a separate page if needed, how payment for meals/milk will be billed and collected without overt identification. Nonpricing programs do not need a collection procedure.
