

## Required and Permissive Use of Perkins Funds for Approved Career & Technical Education Programs

### Allowable Costs

**REQUIRED USE OF PERKINS FUNDS [SECTION 135(B)1-9] (Nine Uses of Funds)**  
*OLI requires eligible recipients to expend funds in the nine required categories below. If no Perkins Funds are budgeted for a required use, the eligible recipient must explain how local or state funds are used to meet the requirement.*

1. To strengthen the academic and career & technical skills of students participating in career & technical education programs
2. To link career & technical education at the secondary level and career & technical education at the postsecondary level
3. To provide students with strong experience in the understanding of all aspects of an industry, which may include work-based learning experiences
4. To develop, improve, or expand the use of technology in career & technical education
5. To provide professional development programs
6. To develop and implement evaluations of the career & technical education programs carried out with funds
7. To initiate, improve, expand, and modernize quality career & technical education programs, including relevant technology
8. To provide services and activities that are of sufficient size, scope, and quality to be effective
9. To provide activities to prepare special populations, including single parents and displaced homemakers who are enrolled in career & technical education programs for high-skill, high-wage, or high-demand occupations that will lead to self-sufficiency

**PERMISSIVE USE OF FUNDS [Section 135(c)(1-20)]** *Funds may be used for these items only after nine required uses above have been met either with Perkins or state/local funds.*

1. To involve parents, businesses, and labor organizations, in the design, implementation, and evaluation of career & technical education programs
